

Carol S. Macy

February 7, 1948 - January 12, 2026

Carol Macy was born February 7, 1948, in Parkersburg, West Virginia, to George & Mary Lou Sigler. She passed away on January 12, 2026, in West Plains, Mo. Carol was a proud native of Parkersburg, West Virginia, where she spent her formative years and met the love of her life, Elgar at a Boy Scout/Girl Scout Dance. The two married on June 7, 1969, in their hometown after Elgar was commissioned an Ensign in the US Navy. They began their life together first moving to Pensacola, Florida where Elgar began flight training and Carol began her career as a Registered Nurse at Sacred Heart Hospital serving as Charge nurse in the Coronary Intensive Care Unit.

Over the next twenty years, Carol and Elgar's life together was filled with adventure as they moved through numerous duty assignments along the east coast, ultimately settling at their final duty station in Puerto Rico, before Elgar's retirement from the Navy. In 1989, they made West Plains, Missouri, their home, where Carol joined Ozarks Medical Center as an RN. Driven by her passion for helping others, she became a Physician's Assistant in 1994 and continued to serve her community until her retirement in 2021. She had dedicated her life to serving and caring for others.

She

touched so many lives in her career that the number will never be known. She made a tremendous impact on our community. Serving in numerous capacities before her retirement at Ozarks Healthcare including as a mid level provider at Gainesville Clinic, Urgent Care Clinic, Emergency Department, and OZH Pain Management Clinic.

Carol was known for her devotion to Jesus as her Lord and Savior. She also enjoyed sewing and all types of needlework, as well as relaxing with her dog, Muffin. Carol was an enthusiastic fan of the St. Louis Cardinals, and the Kansas City Chiefs. She and Elgar cherished their “glamping” adventures in their RV, with Branson being their favorite destination among many others.

Carol is survived by her loving husband, Elgar; their daughter Corinne Agnew and her husband Chris; their son Trevor Macy and his wife Gloria; their youngest son Robert Macy and his wife Monica; fifteen grandchildren; and numerous other relatives and friends.

In lieu of flowers and gifts, the family kindly requests donations be made to the Ozarks Healthcare Foundation in Carol’s memory.

“ Carol was 13 months younger than myself, yet, she taught me everything I know. She had a brilliant mind. She also had a heart of gold. We were friends in addition to being sisters.

Carol possessed many fine qualities. Among many of these were her kindnesses, her love of family, friends and animals of any kind. Her love of family was first and foremost. She was always the devoted mother and grandmother and looking forward to meeting her first great grandchild.

Elgar, her husband, was her first and only love. They stood side by side together and brought up a loving family, Corinne, Trevor and Rob.

They taught them the core values of life and a deep faith in God. The three of them have gone on to raise families of their own.

I will miss Carol, I will keep her alive in my thoughts and the many memories we shared in growing up. I will miss her voice and her many words of encouragement.

Carol gave her life, caring for others. She not only loved her family, but, also the many patients and their families that she came in contact with.

Carol, may you rest in peace until we meet again. I love you, Connie

“ I first met Mrs. Macy at Sebastian and Kylie's wedding and I knew then why they talked about "Grammy" so much. Carol turned out to be that wonderful, giving, kindhearted and dedicated grandmother the kids talked about so often and admired. I am going to miss hearing about the neat things she taught Kylie. I am praying for peace and comfort to all of Carol's family. She was such a joy to our family.
