In Loving Memory of Kristina Borskey

March 24, 1992 – December 1, 2025

Kristina Borskey, a beloved daughter, sister, aunt, and friend, passed away on December 1, 2025, in Pomona. Born on March 24, 1992, in West Plains, Kristina brought warmth, creativity, and vibrant imagination to every life she touched.

Kristina grew up surrounded by the beauty of the Ozarks, which fostered her deep appreciation for nature. She was never happier than when she was outdoors—hiking, searching for unique rocks, or simply admiring wildflowers. In fact, she never met a flower she didn't love.

A true artist at heart, Kristina loved to draw and craft, always creating unique pieces that reflected her boundless imagination. She enjoyed sharing her stories through both her art and her writing, delighting those around her with her fantastic tales.

Her love for animals was unwavering, especially for her cherished cats, Pepper and Rosa, who brought her endless joy and comfort. Kristina found happiness in the simple pleasures of life, such as reading a good book,

sipping tea or coffee, and spending quality time with friends and family.

Kristina attended West Plains High School, earned her Associate Degree from Missouri State University and later achieved her Bachelor's Degree from Southwest Baptist University. She worked at Regal Beloit and took great pleasure in delivering flowers for the Posey Patch, sharing beauty and smiles throughout her community.

She looked forward to OzCon every year, often dressing up as her favorite character and immersing herself in the joy of fandom and creativity. Kristina dreamed of one day owning a cozy cabin in the woods, complete with a rocking chair on the porch, where she could continue to enjoy nature's tranquility. She also enjoyed meeting her friends Jodie & Emmily for lunch and crafting.

Kristina's strong will, independence, and kindness were matched only by her desire to bring happiness to others. She was the "Fun Aunt" to her nieces and nephews—Aspen, Aria, and Mikal—delighting in giving them books and candy. Family time was precious to her, especially with her brother Krystopher (Kelly) and her sister Kyla (Kyle).

She is survived by her loving parents, Rick and Sherry Hall; her brother, Krystopher (Kelly); her sister, Kyla (Kyle); her cherished nieces and nephew; and a host of aunts, uncles, cousins, and friends who will miss her dearly.

A Celebration of Life honoring Kristina will be held at a later date to be determined. Her spirit, creativity, and love will remain in the hearts of all who knew her.

“ *How do I say Goodbye to someone who has been your friend for more than 20 years? How do I say Goodbye to someone whose solid advice compelled me to follow it despite the youth of the giver? That bright soul that kept a warm hug and a bright smile in special reserve for just me. She was always so eager to explore a new craft. I still cherish the delicate fairy in the bottle that she gave me. I remember that day like it was yesterday. It was just like her to save one for me. My heart hurts for the memories I will no longer have the chance to make.*

*I hope that when it is my time, I will see that bright smile at the tea table, set in the garden near that cabin up in the woods that she had hoped to build one day. I'll bring Bonbons and we can have a long overdue visit. Our world is somehow less without her in it.*

“ There are so many memories, but my favorites will always be going on adventures with you. Let’s see, there was going hiking, where we would trip and stumble our way along a trail until we felt like we were lost and finally turn around and go back the way we came. The shopping trips in Springfield where we would all 3 battle to see who could spend the most, or least, and somehow you almost always won! Then there was the conventions where we got to nerd our little hearts out. I will never forget when I almost chickened out on wearing my favorite cosplay due to my weight, you said “if anyone makes fun of you, I will smack them with my purse.” You gave me the confidence to wear that cosplay and hold no fear because you had my back. Lastly, there were craft nights, which you started, you always were trying a new craft or coming up with your own. How you came up with these things, I will never know. You were a one-of-a-kind person, and after 29 years of friendship, I will never forget you. And one last thing, don’t go moving crap in my house! I know you think it’s funny, but that stuff freaks me out and you know it!  
Love you!
