

## Sandra Phipps

September 10, 1953 - October 6, 2024

Sandra Phipps, 71, of Mountain View, Mo, passed away on October 6, 2024, with her husband, Billy Phipps at her side at their beautiful farm. On September 5, 1971, Sandra and Billy were married at Mtn. View at Reverend Oaks house in Mtn. View. This was the beginning of a lifetime of love in their marriage for over 53 years.

Sandra worked alongside her husband Billy at their Jersey Dairy Farm for 33 years. It was hard work, but they accomplished it together, as a team, never faltering. Sandra also raised Curly Horses, which are hypoallergenic, on their farm. She took immense pride in raising them and selling them worldwide. One of her stud horses was even sold and shipped to a buyer in Germany. She also had Cisco, her dog, who she absolutely loved, who still resides at the family farm. Sandra and Billy worked hard all the time, but they thoroughly enjoyed their work, their farm, and their life together. She loved to go to car shows and was especially proud of her 39 Buick.

Sandra was an artist and made some of the most beautiful stained-glass pieces ever. One of her stained-glass panels is featured in the Mercy Mtn. View Hospital. She even made jewelry, chimes, cremation jewelry & other amazing pieces at her studio on the farm. Sandra had a rare and beautiful talent that will live on through those she sold and gifted pieces too. She touched many lives while she was with us.

Sandra was loved by Billy in more ways than words can express. She was an amazing wife, person, artist, best friend, and so much more.

“ *Sandy made my stained glass patterns and they were beautiful. I didn't know she has passed and have been trying to get in touch with her. I met her only once in the 20 years she'd been making my patterns and what a lovely person she was. I will miss our Facebook and online chats. Goodbye, my friend.*
